POLICIES REGARDING CERTIFICATE STUDENTS

At San Francisco Theological Seminary, certificate students are considered to hold "unclassified," or non-degree student status. This means that certificate students are able to pursue their interests in theological study or test their ability to do graduate work with a minimum of administrative entanglements.

As a certificate student you may take any certificate courses for which you qualify. However, you are not eligible to enroll in any M.Div. courses at SFTS, nor any of the GTU affiliated seminaries. Certificate courses are specific to SFTS, unless otherwise specified.

Normally, certificate courses require a baccalaureate degree from an accredited school of higher learning. However, your instructor may make an exception depending on the nature of the certificate course. Some certificate courses may also require or prefer some undergraduate studies in certain subject areas or an employment context wherein such subjects are learned. International students whose first language is other than English will be required to pass the TOEFL (Test of English as a Foreign Language) with a score of 80.

If certificate students do not have a M.Div., MA or MATS, and enter into one of these SFTS degree programs later, the completed certificate courses cannot be transferred into the degree program to which they are applying.

Certificate students will be graded PASS/FAIL only. All students are expected to be active participants in the learning process. Certificate students will be issued a regular transcript with courses and grades listed and issued upon request. Students who complete the certificate program will receive a diploma-like certificate suitable for framing.

There is no financial aid available from Seminary sources for students in certificate or unclassified status. Therefore you need to be able to finance your course work from your own sources. **The tuition cost is \$750 for a 3 unit course, payable at the time of registration. Tuition for 1.5 unit courses is \$375.**

May I take only one course? Do I have to take all the courses in the certificate? If a certificate program consists of multiple courses, you will be charged tuition for each course within the certificate. Yet, each course stands alone. You are not obligated to enroll in the entire certificate (and pay all of the tuition) at one time. Yet, we encourage students to complete the certificate in its intended sequence. In many cases the learning is cumulative.

Seminary housing may be available for certificate students, but full-time degree candidates have prior claim.

Certificate course lists, course descriptions, and schedules may be requested from the Registrar's Office. They are also available on the SFTS web site: www.sfts.edu.

When we have received your completed Certificate Student Application form, the Statistical Information form, your transcripts, if applicable, and your full tuition, we will register you in the course of your choice. We encourage advanced registration. Should you need to add, drop or change a class, you may do so by contacting the registrar. Adjustments in collection or refund of tuition, if any, will then be calculated and applied.

Questions may be directed to the registrar at 415-451-2820 or slawlor@sfts.edu.
